BRILLANTMONT International School

PHILOSOPHY AND OBJECTIVES

OUR PHILOSOPHY

Brillantmont encourages students to realize their potential in a supportive environment.

OUR OBJECTIVES

To develop a sense of community by sustaining the family atmosphere within Brillantmont, creating an environment in which all members of the school community share ideas and listen to the views of others.

To offer an academic programme which is internationally recognized and addresses the individual needs of its student body; which helps students set attainable academic goals and make informed choices shaping their immediate future; which facilitates and encourages the appropriate use of ICT within the school community, keeping abreast of relevant technological developments.

To offer an extra-curricular programme which complements the academic programme and contributes towards the all-round development of the individual.

To develop a sense of internationalism by celebrating the cultural diversity of the school community, promoting understanding, respect and interest towards our valuable resource of cultures and languages; by taking advantage of the natural sporting and cultural wealth within the region thereby encouraging the learning and comprehension of French.
