BRILLANTMONT
International School

SPORTS POLICY

Sport is an important aspect of the curriculum as well as essential for the well being of students. Full and active participation in Sports* is expected to ensure the student benefits from the educational and health gains of regular exercise.

For minor injury or illness the Health Department may excuse the student from participation in Sports*. In this case, the Nurse will give the student a non-participation slip that must be handed to the Sports Teacher. The student is required to attend the whole lesson and spectate.

Only the School Nurse can excuse participation from Sports* on medical grounds. For more serious or long-term injury or illness a medical certificate is required. If appropriate, the student will meet with the School Nurse and Sports Co-ordinator to decide on an alternative programme.

If students have an unexcused absence for compulsory Sports classes* they will have to attend a compulsory sports detention; a 2 hours swimming session on Friday afternoon.

Students who are present but not participating fully and productively to the lesson* will also complete a Sports detention; a 2 hours swimming session on Friday afternoon.
